

WHO NEEDS A HOME WARRANTY?

The answer comes down to budget. In today's economic times, it's difficult for most people to come up with a few thousand dollars when their refrigerator, clothes washer or oven needs to be repaired or replaced. And that's what a home warranty is all about: protecting homeowners from the high cost of unexpected appliance breakdowns.

A HOME WARRANTY = "PEACE OF MIND" PROTECTION

When major home appliances break down from wear and tear, a home warranty helps pay for their repair or replacement — something homeowners insurance typically doesn't do.

Our home warranties make this process as easy as 1 - 2 - 3...

1. Claims can be made online or over the phone
2. Customers are connected with a pre-screened service technician
3. The technician will repair the item. If it can't be repaired, it will be replaced — all for just a low service call fee¹

Our ApplianceProtect® Home Service Plan also provides:

- ✓ A 24/7/365 Customer Service Hotline
- ✓ A network of over 40,000 pre-screened service technicians
- ✓ A 6-month workmanship service guarantee on all covered repairs
- ✓ Protection and coverage no matter how old (or new) the covered item¹
- ✓ Discounts of up to 15% on all non-covered repairs — routine or emergency
