ARBITRATION:** All disputes, controversies or claims of any sort, arising out of or in any way relating to this Agreement, its negotiation, and the Services provided pursuant to it, whether based in contract, tort, regulation, or any other legal or equitable theory (collectively "Disputes"), shall be resolved at the consumer's choice by settlement or final and binding arbitration or in and through a small claims court having jurisdiction over such Disputes. Arbitration shall be conducted within the geographical limits of the applicable federal district court where the Covered Property is located, or such other location upon which both parties mutually agree. The Commercial Arbitration Rules and Supplementary Procedures for Consumer-Related Disputes of the American Arbitration Association (the "Arbitration Rules") in effect at the time arbitration is demanded by either party shall govern the arbitration proceeding and the selection of one neutral arbitrator to preside over the proceeding. The arbitrator is empowered to decide all Disputes and all questions related to the enforceability and scope of these Dispute Resolution provisions, including but not limited to the validity, interpretation and applicability of these Dispute Resolution Provisions. Additionally, this transaction involves interstate commerce, and these Dispute Resolution provisions shall be governed by the Federal Arbitration Act, as amended (9 USC 1). Each party to arbitration is responsible for its own attorney's fees, if the party chooses to be represented by an attorney. **2. CLASS ACTION AND JURY TRIAL WAIVER:** Each party to this Agreement may bring a Dispute against the other only in its individual capacity and not as a plaintiff or class member in any purported class or representative proceeding. Each party gives up or waives any right it may have to have any Disputes between them resolved by a jury.

ApplianceProtectSM Home Service Agreement

This Home Warranty Agreement, hereinafter referred to as the "Agreement", is issued by the entity listed for your state on the Coverage Summary page. Such entity is hereinafter referred to as the "Issuing Company", or "we", "us", and/or "our". The owner of the home covered by this Agreement is hereinafter referred to as "you" and/or "your". This is a Home Service Agreement, not an insurance policy.

This Agreement is intended to provide protection against the cost of repairing certain types of mechanical failures of specific items in your home. **Please read the Agreement carefully. Coverage includes only certain mechanical failures of the specific items listed as covered on your Agreement Coverage Summary and excludes all other failures and/or items. The Agreement Coverage Summary is attached to and made a part of this Agreement. Coverage is subject to the limitations and conditions specified in this Agreement.**

This Agreement has provisions for the use of final and binding arbitration to resolve disputes and otherwise limits the remedies available to you. Please see DISPUTE RESOLUTION section for more information about arbitration.

I. BASIS FOR COVERAGE

We agree to pay the covered costs to repair or replace the items listed as covered on your Agreement Coverage Summary if any such items become inoperable during the term of this Agreement due to mechanical failure caused by routine wear and tear. Determination of coverage including the operational condition as of the Agreement effective date for any claim will be made solely by us, considering but not limited to, our independent contractor's diagnosis. We reserve the right, at our option, to replace items rather than repair them. The definitions of the specific items that may be listed on your Agreement Coverage Summary as covered, as well as other limitations on coverage and other terms and conditions, are listed below.

This Agreement covers only mechanical failures relating to the mechanical parts and components of those domestic-grade items that were in the home and in proper operating condition on the Agreement effective date. "Mechanical failure" occurs when a covered item becomes inoperable and unable to perform its designed function, subject to the limitations and conditions set forth herein. We will cover an unknown pre-existing mechanical failure provided the failure could not have been detected by visual inspection or simple mechanical test. A visual inspection of the covered item is considered to mean the viewing of an item to verify that it appears structurally intact and without damage or missing parts that would indicate inoperability. A simple mechanical test means the ability to turn the unit off and on verifying the item operates without irregular sounds or smoke that may indicate a problem. In certain instances, we may require documentation from you during a claim review.

"Domestic-grade" items are those that were designated by the manufacturer, manufactured and marketed solely for installation and use in a residential single family dwelling. The covered item will be deemed to have been in "proper operating condition" on the Agreement effective date if it was correctly located within the home, was properly installed to code at the time of installation, was fully connected, was capable of successfully performing all operations commensurate with the manufacturer's original design intention, and did not pose any hazard to life or property. Determination of the operating condition as of Agreement effective date, and the nature of any failure, will be made by us based upon the professional opinion of our direct employees, considering but not limited to, our independent contractor's diagnosis.

II. DEFINITION OF BASE ITEMS

This Agreement provides coverage only for those items specifically listed as being covered on your Agreement Coverage Summary. **An additional fee may be required for additional systems, appliances or optional coverage's. Coverage of some items may not be available under all plans or in every state.**

This Agreement defines precisely what mechanical systems and appliances, and which of their parts and components, are covered; only those items specifically so described are covered, subject to the limitations and conditions herein. The items listed in this section as "Examples of Items/Conditions Not Covered" are not meant to be all-inclusive and are provided for illustration. They do not limit our right to decline coverage for items not on the lists and should not in any way be deemed an expansion of items specified as Covered.

1. Kitchen/Laundry Appliances

Description of Covered Items: Mechanical parts and components affecting the proper operation of one (1) of each of the following appliances (all located in the primary kitchen with exception of clothes washer and dryer): refrigerator or combination refrigerator/freezer; built-in dishwasher; built-in microwave oven; range/oven/cook-top; self-contained range exhaust unit located above the range; built-in trash compactor; and clothes washer; clothes dryer. Covered mechanical parts and components include only the following: automatic soap and rinse dispensers; belts; compressor; condensers; control timers (oven/range clock-timers are excluded unless failure prohibits normal cooking function); defrost heaters; clothes dryer heating elements; clothes dryer drum; clothes dryer drum rollers; electronic components; evaporators; fan motors; gas valves; hinges; hoses; ignitor and pilot assemblies; ice maker and ice and water dispensers built into the primary refrigerator (excluding water supply lines); internal wiring; latch assemblies (excluding self-cleaning latch

mechanisms); motors; power cords; pulleys; pumps; ram assembly; range/cooktop/heating elements/burners; solid state control boards; switches and relays; thermostats; touch pads; tracks; transmissions; wash arm assemblies (dishwasher only); washing machine tubs and agitators; and water valves (dishwasher and clothes washer only).

Examples of Items/Conditions Not Covered: Automatic deodorizers; buckets; commercial units; damage to clothing; doors; door cables; door glass; door seals; drawers; drip pans; exhaust fan not solely for venting range/cooktop fumes; independent telescoping range exhaust; filters and screens; food spoilage; self-contained icemakers; water supply lines; reclaim of refrigerant; interior lining; internal shelves; knobs and handles; light bulbs and fixtures; lock and key assemblies; panels and/or cabinetry; racks; removable minitubs; rollers other than clothes dryer drum rollers; rooftop exhaust units; rotisseries and probes; secondary units; shelves; springs; stand-alone freezers; structural components; timers and clocks; self-cleaning mechanisms including door latches; trays; venting; conditions of water flow restriction due to scale, rust, minerals and other deposits.

III. SERVICE

- 1. We are available twenty-four (24) hours a day, seven (7) days a week. When repair or replacement services covered by this Agreement are required, you must call the toll-free service number printed on your Agreement Coverage Summary page or request service online at www.placemyclaim.com. If you fail to notify us of any mechanical failure prior to the expiration of your Agreement during which the failure occurred, we will not be responsible for the cost of any repairs and/or replacements resulting from the mechanical failure.**
2. We will use reasonable efforts to provide a referral to an independent service contractor within two (2) hours after the service request is received during normal business hours and within twenty-four (24) hours for requests received after normal business hours including weekends or holidays. We will determine, at our sole discretion, which repairs constitute an emergency requiring expedited service and will give consideration to covered mechanical failures that affect the habitability of the dwelling.
3. All repair and/or replacement work covered by this Agreement must be performed by an independent contractor and approved by us in advance. **We are not responsible for expenses you incur without our express consent.** We will not reimburse you for any costs associated with unauthorized repairs or work performed by unauthorized contractors.
4. This Agreement may include a deductible charge, as listed on your Agreement Coverage Summary. If a deductible is required, you must pay per trade on each service call made towards the covered portion of any claim. When a covered claim requires more than one trade to complete the covered repair/replacement only one deductible charge will be required. Trades include appliance, air conditioning, heating, electrical, plumbing, and any other trade specifically required to service items listed on your Agreement Coverage Summary. You will be responsible for and shall pay the independent contractor directly for the service call and for actual work performed and/or items installed, up to the amount of the deductible at the time of visit(s), in a manner acceptable to the independent contractor. You are responsible and must pay the independent contractor for any amounts due for services performed or parts installed that are not covered under the terms, conditions and provisions of this Agreement. A service call includes, without limitation, the action of inspecting, diagnosing, and/or performing service for the repair or replacement of a malfunctioning item.
5. You agree to provide access to the covered property during normal business hours for the independent contractor to diagnose, obtain approval for, and/or complete repairs for covered mechanical failures. You agree to pay us and/or our independent contractor any service charge and additional charges assessed by our independent contractor resulting from your failure to provide access and/or for missed appointments.
6. Should any building or zoning permits be necessary, you are responsible for paying for and/or obtaining these permits and the cost associated with these permits. Any testing required by state or local municipalities such as but not limited to load calculation; duct certification are not covered under this agreement.
7. The decision to replace rather than repair items is solely our option. Should we choose to replace an item, the replacement will be the base model that meets all applicable federally mandated minimal manufacturers' standards, performs the same primary function, and has a capacity comparable with the covered item, when available with domestically assembled units. We will make reasonable efforts to provide replacement items of similar mechanical capabilities and/or efficiency of the original unit, when available. We are not liable to provide exact match in color, dye, lot, material, type or brand. When replacing systems or appliances, we will be responsible for the installation of the replacement item but not for the cost of the construction, modifications, carpentry or transitional work made necessary in order to accommodate the replacement, nor for any costs to upgrade or modify items for any reason.
8. At our discretion, we may give you the option to elect to receive a repair/replacement credit or cash payment (net of deductible) in lieu of providing a repair/replacement. In such cases, the amount of such credit shall be equal to the lesser of our approved cost of repair/replacement or your actual and/or estimated cost of repair/replacement. If you elect a credit to our independent contractor, we will pay that amount directly to the independent contractor after the work has been completed. If you elect the cash payment, you must supply documentation supporting that the item in question has been purchased, replaced or repaired prior

ApplianceProtectSM Home Service Agreement

to receiving the cash payment. Any replacement item must be installed in the covered property as listed on the Agreement Summary Page. Should we determine to replace an item and you elect the cash payment to repair the item, the item will be excluded from further coverage under this agreement and subsequent renewals. **The amount of the approved cost of repair or replacement will be established by us at our sole discretion.** We reserve the right to inspect repaired and/or replacement items.

9. We reserve the right to obtain, at our expense, a second opinion by an independent contractor prior to determining eligibility for coverage.

IV. GENERAL EXCLUSIONS AND LIMITATIONS

1. This Agreement shall not cover any item(s) if they are: mismatched systems with components having incompatible capacity ratings; modified from the original manufacturer design or application; items determined to be defective by the Consumer Product Safety Commission or the manufacturer and for which either has issued, or issues, a warning or recall, or which is otherwise necessitated due to failure caused by the manufacturer's improper design, use of improper materials and/or formulas, manufacturing process or any other manufacturing defect; improperly installed; or below the slab or basement floor of the home; or located outside the perimeter of the main foundation (i.e., outside the outer load bearing walls of the structure with the exception of central air conditioning unit, main electrical panel) or unless specifically covered with optional coverage purchased for items outside the main perimeter.

2. This Agreement covers only repairs and/or replacements due to mechanical failure attributable to ordinary wear and tear. Accordingly, the Agreement does not cover failures which may result from other causes, such as without limitation: abuse, misuse and/or neglect; lightning strikes; missing parts; animal, pet and/or pest damage; power failure; power surge; fire; casualty; acts of God; structural and/or property damage; flood; smoke; earthquake; freeze damage; accidents; war; acts of terrorism; nuclear explosion, reaction, radiation or radioactive contamination; insurrection; riots; vandalism; or intentional destruction of property. This Agreement does not cover mechanical failures resulting directly or indirectly from or caused by mold, mildew, mycotoxins, fungus, bacteria, virus, condensation, and/or wet or dry rot regardless of the source, origin, or location and any other cause or event contributing concurrently or in any sequence to the mechanical failure.

3. This Agreement does not cover upgrading or making modifications to items due to, but not limited to, the following reasons: capacity (over or undersized); dimensional or design change; conditions of insufficient or excessive water pressure; conditions of inadequate wiring capacity; circuit overload; power failure and/or surge; failure to meet building code(s); zoning requirements; utility regulations; or failure to comply with local, state or federal laws or regulations.

4. This Agreement does not cover any costs associated with construction, carpentry, or other modifications made necessary by the repair or replacement of existing equipment or installing different equipment. This Agreement does not cover any costs associated with any upgrades or modifications to comply with federal, state, and/or local law, code, regulation, or ordinance. All such costs are your responsibility.

5. Additionally, this transaction involves interstate commerce, and these Dispute Resolution provisions shall be governed by the Federal Arbitration Act, as amended (9 USC 1).
